About Me

Experienced and highly skilled full-stack Developer specializing in HTML, CSS3, Javascript, React JS(Front-end), and MongoDB(Back-end) with a strong background in progressive web development and a passion for creating efficient and user-friendly applications. Proven track record of delivering high-quality code on time and within budget. Detail-oriented and resourceful problem-solver with excellent communication and teamwork. Adept at working on both small and large-scale projects.

I would appreciate the opportunity to further discuss how my skills and experience can benefits and bring more value to your company in more detail.
